

# HEALTHCARE

## Guidelines

- Visitation – Continue restricted essential visitor policy
- Screening Stations – Continue temperature checks and screening questions for all who enter facilities
- PPE – Provide at all Screening Stations (mandatory mask or face covering usage for all who enter facilities)
- Sanitizer – Hand sanitizer and sanitizing wipes available in all common areas to promote personal safety
- Patient Safety – Reconfigure waiting rooms, provide specific hours for high-risk patients, install sneeze guards, implement social distancing stickers, elevator/restroom signage, handwashing signage, PPE stations
- Digital – Utilize electronic pre-check (or text-based check-in processes while patients wait in car or outside), payment, communication, prescription refills (with home delivery), promote virtual visits and remote monitoring
- Communication – Drive safety awareness through active on-site communication campaign as well as external communication to patients and the public
- Cleaning – Expand cleaning crews, hours of operation, and increase frequency of efforts
- Testing – Test all Patients for COVID-19 upon arrival for surgeries, procedures, inpatient admissions, and deliveries while continuing to expand testing capacity for both PCR swab tests & serological blood tests
- Healthcare – Safely re-open clinic, lab, diagnostic, and surgical areas to provide care to postponed patients
- Non-Clinical Staff – Promote work-from-home arrangements wherever feasible, hold virtual meetings whenever possible, ensure social distancing, and rotate office staff on-site to ensure 6 feet of separation
